24TH-Series Threadless Hanger

QUICK. CLEAN. EFFICIENT.

The 24TH-series threadless hanger from Dixon[®] Sanitary introduces a new level of efficiency and hygienic design to the hanger market.

This tube hanger incorporates a snap-secure latch system that simplifies and significantly reduces installation times by eliminating the standard thread design. The snap-in clips guide and protect your tubing.

Applications

- Mounted processing lines
- Skid building

Sizes

• 1", 1-1/2", 2", 3", 4"

Features

- · Partial open position allows for adjustment of tubing prior to final lock in
- · Threadless design and bacteria-resistant architecture
- The snap-in clip assembly makes this hanger easy to assemble - Optionally compatible with our standard sleeve (clips removed)
- Save time on installation with no tools needed
- · Meets MSS SP-58 load ratings
